Repudiated by Trustees

The Morrisville Trustees have repudiated the action of one of their members, in the recent automobile episode and have petitioned State's Attorney Maurice to noll prosee, the cases against the 85 autoists who were fined for failing to toot and to remit the fines already paid. State's Attorney Maurice took the matter under advisement last Saturday and has since been awaiting the action of the Attorney General. Over 50 of the number have already paid.

Morrisville business men are practically unanimous in their condemnation of the method taken on that memorable Sunday. While the law regarding driving autos should be strictly enforced, they are of the opinion that a notice that it would be enforced should have been given, not only through the newspapers, but posted conspicuously, instead of the drastic measure resorted to.

In justice to Mr. Parker, it should be stated that the matter was left in his hands and he acted as he thought best. On page four appear several press comments concerning the matter.

"Big John" Pinned Under Auto

John Ceuro of Morrisville an employee in the F. W. Mould stone sheds, has been in the Barre City hospital since Sunday last, suffering from a fractured collar bone, a deep cut over the eye and various bruises received in an auto accident in Montpelier last Sunday afternoon. The accident occurred in E. G. Foss's new Studebaker, in which were Ceuro, Mr. Foss and two other men, with "Big John" at the wheel. A report of the accident appearing in the Barre Times of Monday says:—

"Foss is said to have been explaining the working of the car, Ceuro, a green driver, was listening to Foss while at the wheel, when he swerved the steering gear to pass a Ford machine, which was going toward Montpelier. As the Studebaker neared the Ford car, it suddenly wheeled on to the tracks of the Barre & Montpelier Traction & Power Co., and in the twinkling of an eye it had flopped half-way over. Two men on the rear seat and Mr. Foss escaped injury, but Ceuro was pinned under the wheel, and it was not until the strength of the three passengers and a couple of bystanders had combined to right the car that the driver was released. Hospital attaches said Monday that Ceuro passed a quiet night and would undoubtedly recover speedily. The car that figured in the accident was undamaged beyond a few scratches."

Another Auto Accident

Last Sunday W. M. Johnson's Ford car was badly damaged when it was struck by a Chevrolet touring car, driven by a son of F. E. Pope of Hardwick.

Mr. Johnson was driving and was accompanied by F. C. Meacham, Wilson Meacham and Bernice Bassett. As Mr. Johnson's party report the accident, the Ford was going toward Wolcott by way of the Morrisville Plains and were on the flat a short distance west of the Charles Brigham place, when they met the Pope car. Mr. Johnson turned out until his wheels were in the ditch at the brink of a short, steep bank and stopped. The Chevrolet kept on in the road and did not stop until that machine struck the Ford. The hub of the Pope car cut a large hole in the left forward tire of the small car and the other forward tire was also damaged and the rear axle bent.

Burbank-Robbins

Announcement is made of the marriage of Miss Eva Robbins, daughter of Mr. and Mrs. B. G. Robbins of Morrisville, to Charles J. Burbank of this town. The ceremony was performed by Rev. W. T. Best at the Methodist parsonage last Thursday afternoon and following a brief wedding trip Mr. and Mrs. Burbank have returned to Morrisville, where they will reside.

The bride has resided in this town and Hyde Park since coming here with her parents from Massachusetts several years ago. She attended school at Peoples Academy and has taught several terms in the rural schools of this town. The groom has lived in Morrisville and Hyde Park nearly his whole life. Both have a large circle of friends who extend best wishes and congratulations.

A cordial welcome to all to the Fair next week, whether on foot, with team, or automobile.

Small Randolph Street Blaze

A fire alarm about 11 o'clock Monday forenoon was for a hot chimney in the Boomhower building at the foot of Wateringtrough hill, sparks and cinders setting the dry shingles on fire. The fire caught from a stovepipe running from a lower tenement occupied by Frank Boyce. It set the woodwork near the chimney holes on fire in this tenement and in the tenement occupied by Mr. and Mrs. Will Davis on the second floor. Mrs. Joseph Bassett discovered the fire on the roof and gave the alarm. Ray Schutt, the young son of E. E. Schutt did good work with pails of water on the roof and when Mr. Davis arrived a garden hose was added and the blaze was squelched. The fire company responded promptly, but the fire was out before they arrived.
